GHANA MISSIONS UPDATE—2019

During Bro. Jim Maynor’s trip to Ghana last October, his fifth to that nation over a 20 year period, we established a church in a small extremely poor farming village named Yawsea. We desired to update the building which was very dilapidated. Here are a few pictures showcasing that effort. Thanks to all who helped us. We hope to do much more for the Kingdom of God through our missions work in Ghana and in Haiti in 2019.

This was taken outside the church last October. As you can see the building was in extremely poor condition

This was taken inside the building last October. Notice the poor condition of the wood and the walls. Only the front had concrete, the rest of the floor was dirt.

THE CONCRETE FLOOR IN PLACE OF THE DIRT ONE AND THE NEW PLASTIC CHAIRS HAVE BROUGHT GREAT EXCITEMENT TO THE CHURCH

PLAIN BY OUR STANDARDS THE MEMBERS ARE THRILLED WITH THEIR NEW CHURCH

THE VILLAGERS LOVE THEIR NEW SIGN
